

## STOOLS &amp; BENCHES

- Proel "Stools & Benches" line is a series of products designed and manufactured to fulfill all market requirements. It includes a varied range of stools and benches for piano and organ diversified in technology, design, colours and textures. Models are available in different finishes, coatings and colours to provide the customer with a variety of choices according to their own taste and necessity. This line is built with wood of selected beech satinized-lacquered finished and elastic polyurethane painting with a saturated base according to standard estimations (10 gloos for the satinized version, 90 gloss for the lacquered one). The cushion is made of high quality materials with foam rubber interior, 30 density padding, covered with velvet or imitation leather.
